# **X3MFA** *Zero*

*the lightest ever*

X3MAZero is a special version of the X3MA wheel with low offset ideal for circuit racing.

The weight has been further reduced making X3MAZero more performing than the magnesium wheels, while the new design improves the accelerating abilities without compromising the stiffness and the strength of the product.

X3MAZero is available for BMW, Volkswagen, Ford and many other applications upon request, also for historic cars.
