

EVO *Corse*

FORMULA *Corse*

designed for single-seater and F3

FormulaCorse is the 13" wheel with nonconventional lightness and strength.

Thanks to the experience and technology by EVO Corse, FormulaCorse guarantees the same performances as the best magnesium wheels on the market. The design and the incredible weight – starting from 3,9 kg – ensure better handling, better acceleration and better cooling in braking.

FormulaCorse is available for Dallara F3, but deliverable on demand in many different applications, all absolutely monolock.

AVAILABLE SIZES

Size	Min ET	Max ET	Max PCD	Weight range (kg)
8,5Jx13"	-12	8	100x1	3.9 - 4.3
9Jx13"	-12	8	100x1	4.1 - 4.5
10Jx13"	7	27	100x1	4.5 - 4.7
10,5Jx13"	7	27	100x1	4.7 - 4.9

Available with monolock only

MATERIAL

- Aluminum alloy A356-T6

USE

- Circuit racing
- Formula racing
- Hillclimb
- Slalom

AVAILABLE COLORS

Anthracite Mat black
